The 4 Roles of Leadership will help you identify and develop the four critical abilities of great leaders and learn how to implement those roles practically and with long-term results, without taking your eye off your day-to-day management needs.

The 4 Roles of Leadership is an intensive, two-day workshop for leaders who want to significantly improve their strategic thinking, long-term vision, and positive influence on others. It will guide you to understand the change, choices, and principles that affect your decisions and equip you with real tools to help you solve today's challenges and prepare for tomorrow's opportunities.

The processes you will learn can be repeatedly applied in your organization—each time you plan a new strategy or implement a new initiative. When practiced consistently, the 4 Roles of Leadership will yield measurable organizational and personal success and help transform good managers into true leaders.

The 4 Roles:

Pathfinding: *Creating a vision that connects what customers are passionate to get with what you're passionate to give*

Aligning: *Creating a technically elegant system of work*

Empowering: *Releasing the talent, energy, and contribution of people*

Modeling: *Building trust with others—the heart of effective leadership*

CANCELLATION POLICY:

If you need to cancel your registration for an E.U. Class, please do so via email two weeks prior to the class date to avoid the \$50.00 cancellation fee. If you can find an employee in your department to take your place, email the change in attendees and the cancellation fee will be waived.
